

The Duck Tape Club™ Welcome Kit

Welcome!

Dear Duck Tape Club™ Member,

Welcome to the Duck Tape Club – The only club for Duck Tape® enthusiasts!

There is a day in all of our lives when we come to realize that we are part of something larger than ourselves, something that binds our world together, gives our lives purpose and continues to work as a positive force in our lives.

That something is Duck Tape.

As a nation of Duck Tape users, we have all found a place in our lives for its durability, flexibility and stickiness. But to you it means a little bit more. That's why you have joined the elite members of the Duck Tape Club, the only club in the world where the members are bound together by a roll of silver tape – both literally and figuratively. We are a passionate group of believers in the tape. Many companies talk about innovation. Manco talks about imagination. Imagination is what allows Duck Tape to be all, fix all, bind all and tape all.

Just Imagine.

Imagination is what allowed Duck Tape to save the life of a little boy's pet turtle, acting as a temporary shell until his broken shell grew back. A man more than a mile from shore used his imagination, and Duck Tape, to seal a leak in his boat until he could return to shore. Even former astronaut, John Glenn knew the power of Duck Tape when he said, "I don't know if we could conduct a mission without it." All over the country, Duck Tape and imagination have become tools of the American spirit.

Keep your Duck Tape Club card handy and when you've got an interesting story, a great idea or even some Duck Tape poetry, send us an e-mail. You can win prizes, have fun and even learn a thing or two about Duck Tape. We look forward to hearing from our newest Duck Tape Club member. And you can count on being the first to hear the latest Duck Tape Club information from us.

Sincerely,

Trust E. Duck
